PROFESSIONAL SUMMARY

Computer Information Technology student with a 3.69 GPA, CompTIA A+ certification, and hands-on experience with Windows Server, Active Directory, DNS, Group Policy, Python, and C. Brings five years of customer-facing problem-solving experience and a documented home lab focused on practical IT administration.

EDUCATION

California State University, Northridge **Expected May 2027**
Bachelor of Science in Computer Information Technology | GPA: 3.69/4.00

CERTIFICATION

CompTIA A+ Certification | CompTIA

TECHNICAL SKILLS

Systems: Windows Server, Windows 10/11, Active Directory Domain Services (AD DS), Group Policy Management, DNS Manager
Cloud Platforms: AWS (EC2, S3, IAM), Microsoft Azure (Virtual Machines, Azure Storage, Entra ID) - coursework
Programming: Python, C | Libraries/APIs: PyQt5, Requests, REST APIs
Software: Microsoft 365 (Word, Excel, PowerPoint), Salesforce (coursework)
Support: Hardware and software troubleshooting, point-of-sale systems, technical documentation

TECHNICAL PROJECTS

Windows Server Home Lab

- Built and documented a Windows Server home lab for hands-on practice with Active Directory Domain Services, DNS Manager, and Group Policy Management.
- Configured and tested directory, DNS, and policy settings in a controlled environment and recorded setup and troubleshooting steps.

Python Weather API Application

- Built a PyQt5 desktop application that retrieves current weather data by city from the OpenWeatherMap API and displays temperature, weather conditions, and condition-specific icons.
- Parsed JSON responses and implemented HTTP and network error handling for invalid cities, connection failures, timeouts, and service errors.

PROFESSIONAL EXPERIENCE

Crew Member | Dunkin' - Van Nuys, CA **Aug 2021 - Present**

- Operate point-of-sale and digital payment systems accurately while processing customer orders in a high-volume environment.
- Resolve order, payment, and service issues promptly to support efficient workflow and a positive customer experience.
- Coordinate priorities with coworkers and supervisors during peak periods to maintain order accuracy and smooth daily operations.
